# COLOP e-mark® label sheets –
# Product data sheet and description

## Short description

The label forms are especially adapted for the use with the COLOP e-mark devices. They are ideal for labelling objects in the office or at home.

## Usage

The label sheets can be printed quickly and easily using the e-mark devices. A marking on the side of the individual labels indicates where the e-mark has to be placed for precise printing. The label is printed with the printing movement to the right. It is important to set the position to 'lateral' in the app and to make an imprint the size of the label. The app comes with label templates for this purpose.

*Any handling other than that described in this document does not comply with the purpose of this product.*

*The product is not a children's toy.*

## Product features:

- Special marks on the label sheets provide perfect positioning of the e-mark
- Adhesive labels stick strongly on paper, cardboard, plastics, glass, metal, and similar materials
- Use with predefined label templates in the COLOP e-mark App
- Compatible with COLOP e-mark and e-mark create
