

COLOP e-mark® Ruler – Product data sheet and description

Short description

The COLOP e-mark® ruler enables not only simple, straight-line guidance of the device but also the printing on difficult/uneven/small objects.

To enable particularly precise work, the ruler provides a side recess for holding a conventional ruler. This allows the distances between the lines to be defined with millimetre accuracy.

The COLOP e-mark® ruler is ideal for printing on COLOP e-mark accessories such as labels, signs or event and party ribbons.

Usage

The ruler is used to print in a straight line with the e-mark/e-mark create or to print on uneven or small objects. The e-mark is placed on the left or right side of the ruler and moved in the direction of the free recess.

Any handling other than that described in this document does not comply with the purpose of this product.

The product is not a children's toy.

Product features

- Perfect fit
- Side recess for ruler
- Optimal sensor detection

Product information

Material	ABS
Colour	Smoky topaz, transparent
Weight	49.1 g
Dimensions (L x W x H)	277 x 102 x 6 mm / 10.91" x 4.02" x 0.24"
Size incl. packaging (L x W x H)	300 x 107 x 11 mm / 11.81" x 4.21" x 0.43"
Weight incl. packaging	70.6 g
Master case (12 pieces) Size (L x W x H)	320 x 220 x 12 mm / 12.6" x 8.66" x 0.47"
Master case (12 pieces) - weight	970 g
Country of origin	Austria
Customs tariff code	39269097

Art. No.	Description	EAN13
155449	COLOP e-mark Ruler	9004362520528
